

COVID 19 STATEMENT
ENETRIC'S COMMITMENT

ENETRIC
TECHNOLOGY SOLUTION

DEAR ALL,

15TH APRIL, 2020

GOOD DAY

Following the outbreak of Novel Coronavirus (COVID-19), Enetric has considered how we can actively support and contribute towards the collective efforts in mitigating the potential risks caused by this global health issue among our clients and sites we work.

We have adopted all the compliance measures as per the WHO and MOH standards of UAE in engaging our staffs at client sites with the proper protective such as masks gloves and conduct training.

We have ensured that all our staffs dealing with clients and client sites have undergone Covid 19 tests and we have been as on date Covid Negative with respect to all our teams.

For our corporate and Project management teams we have entrusted them with the latest technology applications for remote task scheduling and monitoring tools updates to ensure that our business continuity is managed as usual infact with much more effectiveness as a COVID-19 business continuity response.

We are here to serve and assist in our regular business services as well as COVID 19 specific services such as Thermal Sensing Fever Cameras, access controls or Isolation room specific services as we are currently enabling those services for SEHA governed Al Rahba Hospitals, Abudhabi.

WE WILL COME OUT STRONGER FOR SURE VERY SOON.

STAY HOME STAY SAFE

MAGESH KUMAR
CEO
